

# Student Parliament Constitution and Blueprint

**Total Membership:** 61 Members  
**Target Grade Spectrum:** Grades 8–12  
**Core Philosophy:** Decentralize senior dominance, protect Grade 12 academic commitments, empower intermediate grades (10 and 11), and establish a strict bipartisan legislative framework.

## 1. House Architecture and Seating Distribution

The parliament consists of exactly 61 members divided into four distinct components to ensure a professional separation of powers.

| Component                          | Seats | Grade Distribution                                                        | Core Function                                              |
|------------------------------------|-------|---------------------------------------------------------------------------|------------------------------------------------------------|
| The Executive Presidency           | 1     | Grade 10, 11, or 12                                                       | Head of State, School-wide Direct Mandate, Veto Authority  |
| The House Leadership & Secretariat | 5     | Grades 11 (Speaker, Sec-Gen), 10 (Deputy Speaker), 8-9 (Dep. Secretaries) | Floor Enforcement, Agenda Control, Official Record Keeping |
| The Independent Executive Cabinet  | 15    | Grades 11 (Ministers), 10 & 9 (Deputy Ministers)                          | Non-partisan Ground Operations and Project Management      |
| The Two-Party Legislative House    | 40    | Balanced: 8 MPs per Grade (4 per party across Grades 8–12)                | Grassroots Representation, Debate, and Legislative Voting  |

## 2. Detailed Role and Duty Specifications

### The Executive Presidency (1 Seat)

- **Selection:** Elected via school-wide direct democratic vote by all students across Grades 8–12.
- **Neutrality:** Must maintain absolute independence and resign from any political party upon

taking the oath of office.

- **Duties:** Acts as the primary diplomat representing the student body to school management and external dignitaries; holds final internal sign-off authority ("Presidential Assent") over all passed legislation.

## The House Leadership & Secretariat (5 Seats)

- **Primary Speaker (Grade 11):** Presides over formal sessions, enforces parliamentary decorum, grants the floor to speakers, and remains strictly neutral during party debates.
- **Deputy Speaker (Grade 10):** Manages the intake of junior-wing grievances and assumes full speaker responsibilities in the absence of the Primary Speaker.
- **Secretariat (1 Secretary-General from Grade 11, 2 Deputies from Grades 8–9):** Manages the official parliamentary ledger, logs minutes of meetings, verifies attendance, and ensures bills comply with structural rules before listing them on the agenda.

## The Independent Executive Cabinet (15 Seats)

Divided into 5 specialized portfolios, entirely divorced from political party lines to prioritize administrative efficiency. Each portfolio features 1 Lead Minister (Grade 11) and 2 Deputy Ministers (Grades 10 & 9):

- **Ministry of Academics & Peer Support:** Manages peer-tutoring networks, exam stress reduction programs, and stream-selection mentorship for junior blocks.
- **Ministry of Sports & Health:** Coordinates inter-house sports leagues, audits physical education equipment, and champions physical well-being.
- **Ministry of Cultural Affairs & Events:** Designs and executes multi-grade assemblies, annual days, exhibitions, and seasonal festivals.
- **Ministry of Student Welfare & Discipline:** Operates peer-mediation channels, anti-bullying student squads, and cafeteria/infrastructure quality control.
- **Ministry of Eco-Sustainability:** Directs campus recycling drives, energy-efficiency audits, and sustainable campus development policies.

## The Two-Party Legislative House (40 Seats)

Divided evenly into **Party A** and **Party B** (20 MPs each), serving as the legislative heart of the school.

- **Party Leaders (Grade 11):** Establish party policy positions and lead high-level floor debates.
- **Party Whips (Grade 10):** Ensure party attendance during critical floor votes and maintain party voting discipline.
- **Members of Parliament (Grades 8–12):** Source daily classroom grievances, serve on joint committees, and execute voting rights on proposed policies.

---

## 3. The Bipartisan Legislative Pipeline

To transition any student-led initiative into binding school policy, it must strictly navigate the following 5-stage pipeline:

1. **Drafting & Bipartisan Negotiation:** An MP or Minister drafts a proposal. To prevent low-effort floor clutter, the draft must secure a minimum of **10 sponsor signatures**, explicitly requiring at least 7 signatures from the proposing party and a **minimum of 3 signatures from the opposition party**.
2. **Secretariat Scrutiny:** The Secretariat cross-references the bill for rule compliance and signature validation. Approved bills are placed on the official House Order of Business.
3. **Joint Committee Refinement:** The bill is directed to a specialized committee consisting of the relevant independent Cabinet Minister and 2 MPs from each party to iron out execution flaws and logistical costs.
4. **House Debate & Vote:** The Primary Speaker opens the floor for structured debate. The 40 voting MPs cast their ballots. Passage requires a simple majority (>21 affirmative votes). The Cabinet and Leadership remain neutral and do not vote.
5. **The Assent Architecture:** The passed bill is reviewed by the Grade 12 Advisory Council to verify long-term viability. It is then sent to the President for signature. If the President issues a veto, the house can override it only with a **2/3 supermajority vote**. Approved bills receive final signature from the School Principal to become active law.

---

## 4. Strategic Balance and Safeguards

- **Academic Protection for Grade 12:** Senior students are entirely insulated from high-stress event logistics and execution, allowing full focus on board exams while preserving their voices as strategic advisors and legislators.
- **Elimination of Senior Monopoly:** Operational leadership sits firmly with Grade 11, while critical structural intermediate roles sit with Grade 10, creating a robust, sustainable pipeline of trained leaders.
- **Compulsory Collaboration:** The 7+3 mandatory sponsorship split guarantees that hyper-partisan or polarizing bills cannot progress, forcing across-the-aisle communication and elevating the legislative leverage of younger Grade 8 and 9 MPs.
